nouncement was made of any action on Southern Ry..... the part of Secretary Shaw to relieve Texas Pacific this situation, although during the day bankers freely expressed the opinion that T., St. L. and W. pfd bankers freely expressed the opinion that | 1 on account of the stringency in time Union Pacific money relief would soon be forthcoming U. S. Pipe..... U. S. Rubber.... in the interest of the country's commer- U. cial activities. An engagement of gold U. S. St. was made in London for shipment to New York and demand sterling became Wabsah very weak at the end of the day, de-clining to 4.8375 at the close, a drop of Wis. Central.

ket it was surmised that New York has 746,000. succeeded in borrowing fresh funds in London to provide for maturing loans. The subtreasury gained from the banks up to the close of business on Saturday \$2,230,-000, and was a creditor at the clearing house this morning to the extent of Arrangements were made dur ing the day for a shipment of \$500,000 to San Francisco. Most of the gold arriving in London was secured by the Bank of England, but it was believed that if New York endeavored to obtain any large amount of gold in that quarter the bank would advance its rate on Thursday to an extent which could hardly fail to have a disturbing effect on the general situa-tion and on the holdings of American stocks in particular

Market More Active.

In the afternoon advance, which was accompanied by an increase in the activ- Furnished by E. R. Chapman & Co., members of the market, early losses wer about recovered in many cases, closing quotations being fractionally above those of Saturday, and some satisfaction was derived from the fact that what are con sidered the special favorites of the Standard Oil interests-St. Paul, Amalgamated Copper, and Anaconda-were among the strongest features.

It was rumored that the dividends on Anaconda would be increased when the directors took up the question next week, and there was reiteration of the rumor about an extra distribution on Reading to account for the great strength that issue displayed in the last hour. isfactory progress, it was said, was made during the day toward adjustment of the labor controversies which for some time have been the cause of uneasiness in Reading official quarters,
A meeting of the directors of Northern

Pacific was held during the day, at which some matters of interest to the stockholders were discussed, and, although ap rived at, the Hill stocks recovered a sub-

Southern Pacific was helped in the afternoon by the publication of a statement of wearnings for October, which showed an increase of \$970,383 in net, the gain for the month being equivalent to an additional half of 1 per cent for the stock over what was shown in the corresponding month a year ago. Announce ment was made that the Atchison specia meeting to authorize an increase in the capital stock will be held on January 30. A condition of 94.1 per cent for winter wheat was disclosed by the December crop report, this being an exact duplicate

* of the condition at the corresponding time a year ago, but substantially better than The production of gold in the Transvaal for the month of November showed the recent high output well maintained, with a total of 533,273 ounces for the month. London bought about 15,000 shares in this

market, favoring United States Steel and Canadian Pacific, and the buying of the former for local account also was considered very good.

WALL STREET NOTES

Secretary of Treasury's Power contemplated—should be completed within that time, so that would disappear alto-Conceded to Be Great.

MARKET BOWS TO HIS WORDS

Notes and Comment,

3,000 44% 45% 45% 45% 45% 45% in influence on the market with the indi-

"Similarly, the Secretary of the Treesury, on such occasions as the present, has got to help speculative interests. If he deposit money in the banks he helps the bears. For my part I should like to see

call rates are higher, he said, the aggre-

much less than it was at the corresponding period of either 1906 or 1904. Brokers, in other words, were not paying in the aggregate so much in interest as they did last year or the year before. The cause of this condition is that a remark. cause of this condition is that a remark-ably large number of brokers, warned May by unpleasant experience in 1904 and 1905. July secured time loans for large amounts in the summer or early fall and are thus dependent very little on day to day loans. On this account the relation of December the call money market to the stock January ... market is not as intimate this year as in March December of 1905 and 1904.

During the part of the day when most of the list was weak, Amalgamated and Anaconda were strong, and rather more talk than usual of late was heard of the probabilities of increase in dividends. The Anaconda directors meet next week for the purpose of declaring the dividends; the Amalgamated next month. An increase in the price of copper helped the arguments of those who prophesied increases in the dividends.

No other reason could be discovered for the break in Virginia Iron, Coal and Coke

the break in Verginia from, Coal and Coke was than the lack of support and the unovertee that no other was needed, for most personal to street that no other was needed, for most personal to street that no other was needed.
